

Diesel Injector Cleaner

Fuel additive to clean high-pressure diesel injectors

AER3209

PRODUCT DESCRIPTION

Can be used in all diesel engines including high pressure diesel injection engines. Low-sulphur formula. Offers special protection to the entire system and extends the life of moving parts by reducing friction. Cleans and removes residual deposits between the injection pump and injector needles. Prevents corrosion in the system. Increases the performance of diesel fuel, prevents engine noise by clearing congested fuel channels. Reduces fuel consumption and increases power. Reduces exhaust smoke and improves emissions.

FEATURES

- Removes carbon & deposits
- Improves injector spray
- Restores engine performance
- Helps reduce emissions
- 300 ml diesel fuel additive
- Corrosion & rust protection

DIRECTIONS FOR USE

1. Diesel vehicles only — Use only in diesel-powered vehicles and only in the fuel tank.
2. Add before refueling — Pour the entire can into the fuel tank immediately before filling up.
3. Treats 50-60 L — One 300 ml can is suitable for approximately 50-60 liters of diesel fuel.
4. Fill & use regularly — Refuel to mix evenly. Use at regular intervals for routine maintenance.

PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Liquid
Colour	Yellow
Odour	Characteristic
Flash point	63 °C
Kinematic viscosity	< 7 mm²/s (40 °C)
Density	0.817 g/cm³ (15 °C)
pH	Not applicable (insoluble in water)
Solubility in water	Insoluble

PACKAGING

Product Code	Pack Size	Units per Case	Barcode (EAN-13)
AER3209	300 ml	24 per case	—

STORAGE

Store in the original container, tightly closed, between 5 and 35 °C, in a cool, dry place away from direct sunlight. Protect from frost. The expiry date, production date and lot number are printed on the pack.

SAFETY INFORMATION

Signal word: Danger

- H304 – May be fatal if swallowed and enters airways.
- H411 – Toxic to aquatic life with long lasting effects.
- EUH044 – Risk of explosion if heated under confinement.
- EUH066 – Repeated exposure may cause skin dryness or cracking.
- P102 – Keep out of reach of children.
- P273 – Avoid release to the environment.
- P301+P310 – IF SWALLOWED: Immediately call a POISON CENTRE / doctor.
- P331 – Do NOT induce vomiting.
- P405 – Store locked up.
- P501 – Dispose of contents / container to an approved waste disposal facility.

The information in this sheet is based on our current knowledge and experience; users should test the product under their own conditions of use. For safety information, refer to the product Safety Data Sheet (SDS).
