

Vortex Engine Protect & Shiner

Concentrated protectant and dressing for clean engines: high protection and shine, 5 and 20 kg canisters

VRT7101 VRT7102

PRODUCT DESCRIPTION

Vortex Engine Protect & Shiner is a concentrated product that keeps the engine bay clean and protected for months. It forms a protective film on metal and plastic surfaces, protects cleaned parts against rust and dirt and gives a long-lasting shine. It is applied after engine cleaning, neat or diluted. Biodegradable active ingredients.

FEATURES

- Keeps the engine clean for months
- Protective film on metal and plastic
- Protects against rust and dirt
- Long-lasting shine
- Neat or diluted
- Biodegradable actives

DIRECTIONS FOR USE

1. **Prepare** — The engine must be clean and dry. Do a preliminary test.
2. **Dilute** — Use neat or diluted up to 1:1 as needed.
3. **Apply** — Apply a thin layer with an air gun and leave for 20 minutes.
4. **Finish** — Dry with air held at a distance, then wipe once with a sponge or cloth.
