

Vortex Instant Shine — Quick Wax

Concentrated water-activated quick wax for wet bodywork, 5 and 20 kg canisters

VRT2001 VRT2002

PRODUCT DESCRIPTION

Vortex Instant Shine is a concentrated quick wax that lets you dry and wax the vehicle in a single step. Its formula combines water-activated waxes and polymers that penetrate the painted surface with the water and leave a durable, glossy film: the benefits of a classic wax without the extra work. It can be used on all painted surfaces, including metallic and clear-coated finishes, and gives shine within minutes of washing. Its anti-static effect helps limit dust pick-up.

FEATURES

- Dries and waxes in one step
- Water-activated waxes and polymers
- Shine within minutes
- All paints, including metallic
- Anti-static effect
- Economical concentrate

DIRECTIONS FOR USE

1. **Wash** — Wash the vehicle and leave it wet.
2. **Dilute** — Dilute 1:2 to 1:5 depending on the desired effect and pour the mix into a sprayer.
3. **Spray** — Shake and spray panel by panel: a few sprays per panel are enough.
4. **Wipe** — Rinse with pressurised water if needed, then spread and dry with a chamois or soft cloth.

PHYSICAL AND CHEMICAL PROPERTIES

Product type	Liquid car care product — professional Vortex range
Use	Concentrate — dilution 1:2 to 1:5

PACKAGING

Product Code	Pack Size	Units per Case	Barcode (EAN-13)
VRT2001	5 kg	—	—
VRT2002	20 kg	—	—

STORAGE

Store in the original container, tightly closed, between 5 and 35 °C, in a cool, dry place away from direct sunlight. Protect from frost.

The expiry date, production date and lot number are printed on the pack.
